

Your Speedometer:

Suitable SIP-Speedometer for your Vespa:

This speedometer is mounted on the GTS/GT/GTL 125-200cc carburettor models. The suitable SIP speedometer has part no MV91401BJ (black) or MV91401SJ (silver). Please note that you need the speedometer cable of the later GTS models (part no PI56306R) or a speed sensor (part no MV914002D) as the original speedometer cable is not compatible with the SIP speedometer. The speedometer fits on following models:

- *GT/GTL 125cc 4T LC; (ZAPM31100 / ZAPM31101)*
- *GT/GTL 200cc 4T LC; (ZAPM31200)*
- *GTS 125cc 4T LC; (ZAPM31300)*

This speedometer is mounted on the GTS Super/Super Sport 125/300cc models which were built until 2013. The suitable SIP speedometer has part no MV91402BJ (black) or MV91402SJ (silver). The new speedometer can be mounted plug & play. It fits on the following models:

- *GTS Super i.e. 125cc 4T LC (-'13); (ZAPM45300)*
- *GTS Super Sport i.e. 125cc 4T LC (-'13); (ZAPM45300)*
- *GTS Super i.e. 300cc 4T LC (-'13); (ZAPM45200)*
- *GTS Super Sport i.e. 300cc 4T LC (-'13); (ZAPM45200)*

This speedometer is mounted on the GTS Touring 300cc models which were built until 2013. The suitable SIP speedometer has part no MV91402BJ (black) or MV91402SJ (silver). The new speedometer can be mounted plug & play. It fits on the following models:

- *GTS i.e. 300cc Touring (-'13); (ZAPM45200)*

This speedometer is mounted on the GTS/GTS Super 125/300cc Facelift models after 2014. The suitable SIP speedometer has part no MV91403BJ (black) or MV91403SJ (silver).

For the installation the rear handle bar cover from the older GTS models (part no PI652682) is required as the SIP speedo doesn't fit into your original cover. The SIP speedometer fits on the following models:

- *GTS Super/Sport i.e. 125cc 4T LC ('14-); (ZAPM45300 / ZAPM45301)*
- *GTS Super/Sport i.e. 300cc 4T LC ('14-); (ZAPM45200 / ZAPM45201)*

This speedometer is mounted on the GTS/GTS Touring 300cc Facelift models after 2014. The suitable SIP speedometer has part no MV91403BJ (black) or MV91403SJ (silver).

For the installation the rear handle bar cover from the older GTS models (part no PI652682) is required as the SIP speedo doesn't fit into your original cover. The SIP speedometer fits on the following models:

- *GTS i.e. 300cc 4T LC ('14-); (ZAPM45200 / ZAPM45202)*
- *GTS i.e. Touring 300cc 4T LC ('14-); (ZAPM45200 / ZAPM45202)*
